Proficiency: HTML, CSS, React, Redux, Express JS, Chakra UI, Redux, Node JS, Data Structures & Algorithms

Languages: JavaScript/Typescript, Python, C++, GraphQL

Databases: MongoDB

Tools: Git, Postman, Node Package Manager

EXPERIENCE

Technical Mentor

Kalvium

May 2023 – Present, Bengaluru, India

- Guided and mentored a cohort of 30+ students in Data Structures and Algorithms (DSA) and Frontend Development. Achieved an impressive 25% increase in average assessment scores over a 3-month period, highlighting the effectiveness of the mentoring approach.
- Conducted 15+ live code-along sessions, engaging 20+ students per session. Realized a substantial 30% improvement in students' ability to apply complex coding concepts in real time, gauged through increased participation and successful code implementation.
- Provided personalized mentorship to 7 interns during their internship period. Attained an outstanding 95% successful completion rate of assigned projects, demonstrating the impact of mentorship on intern performance.
- Achieved a 20% increase in student satisfaction with their learning experience. Received a significantly higher satisfaction rating based on post-internship surveys, reflecting the value of personalized mentorship.

PROJECTS

DIGIPLUS – RELIANCE DIGITAL CLONE

Masai School • <https://super-chebakia-102170.netlify.app/>

- Orchestrated the development of DIGIPLUS, an e-commerce platform, within a demanding 5-day timeline. Achieved a remarkable 100% completion rate of project milestones within the stipulated 5-day timeframe.
- Optimized user experience through category-wise product listings, single product pages, and an intuitive cart-checkout-payment gateway flow.
- Utilized an advanced technology stack including React JS, Chakra-UI, React-Router-Dom, and React-Icons. Reduced website loading times by 25%, resulting in improved user satisfaction and engagement.
- Successfully executed the project with an engaging landing page and seamless user-admin authentication.
- Ensured a modern and visually appealing user interface. Received a 95% positive feedback rating from user surveys, highlighting the attractiveness of the design.

Wild Times

Masai School • <https://wildtimes-swati082001.vercel.app/>

- Developed "Wild Times," a real-time single-player game using the MERN Stack with animations. Achieved a remarkable 20% increase in player engagement and enjoyment, measured by extended gameplay durations and positive user feedback.
- Ranked among the top 10 projects in the prestigious Masai Hackathon, highlighting its innovation and impact within the developer community. Secured a position in the top 10 out of 100+ projects, showcasing its superior quality and innovation.
- Achieved a collaborative feat by completing the complex project within an intense 48-hour timeframe. Demonstrated exceptional time management skills by delivering a fully functional game within the stringent 48-hour limit.
- Leveraged a potent tech arsenal, including React, TypeScript, CSS Animations, Framer Motion, Chakra-UI, NodeJS, and Mongo Atlas, for the gaming interface.

EDUCATION

Full Stack Web Development (Full time)

Masai School • Bengaluru, India • 2022

Bachelor Of Science in Geology

Minor in Physics, Chemistry • Ravenshaw University • Cuttack, Odisha • 2019 • 8.2

CERTIFICATIONS

React Basics

HackerRank • 2023

Certified in skill assessment in React JS

Basics Of Web Development

Masai School • 2022

Certified with the Basics of Web Development.
